WhiteWater started as a park operator in 1980 with one clear purpose, to create places where families unite and make joyful lasting memories. 40 years later we are now the world's largest provider of everything a water park needs, from park design to the broadest product range in the industry.

We achieve this by standing alongside our customers from concept to completion of award-winning attractions, from slides to water rides and everything in between. We aim to inspire our clients by unleashing our creativity to realize their ambitions; we craft solutions which make each park unique. We are dedicated to making products that operators can count on, because we understand the importance of lasting quality, stringent safety and reliability on the bottom line.

As the market leaders, we put our success down to our attitude, in all our years and more than 6000 projects we've never once forgotten why we're here – We help the biggest entertainment brands from Six Flags and Disney to the most premium and award-winning waterparks in China create immersive experiences, and delight guests all over the world.

We're here to create places where fun thrives.

“能够在中国水上乐园行业一开始就与华侨城和长隆保持长期合作令我们感到无比自豪。我们共同努力为成千上万的游客带来最令人满意的游乐体验。我们为这些行业典范的成功感到庆贺, 这也是我们服务的目标。”

WhiteWater's pedigree makes it the perfect and preferred partner for all the best park brands in China, as our history in the country demonstrates. WhiteWater's first project was in Beijing for the 1990 Asian Games and we were the first international supplier to open a local office in China in early 2011. WhiteWater works with clients from concept to completion to make the highest quality parks in the country that are created to the highest design and safety standards for everyone's enjoyment. Phil Zhong, Director of Engineering and COO for Asia, speaks on behalf of the WhiteWater team when he says:

"It brings us immense pride to have worked with OCT and Chimelong continuously from the very start of the water park industry here in China. We work together to bring the most satisfying and safe guest experiences to millions. We celebrate these industry leaders' successes, which has been our purpose to support."
